

draped as a jeans jacket

Flare detailing with knee & button

belt loops

doubled top stitching like jeans

jacket pattern

fly zip as a jacket fastening

lace trim tucked in CF

base hole & eye detail

lower ended zip

have 2 eye detail

lateral pocket

can pocket

upside down trouser pockets

too slim fitted

zipper collar

double shoulder metal ring on g

containing top stitching

popped pieces for shape - can undo & have fall in different ways.

I had to tailor this jacket since it started too slim & the shoulders were too wider like so I dropped the pleats & widened the pattern. This gave extra material so I had to take some off the trousers.

dropping shirts together to make a skirt

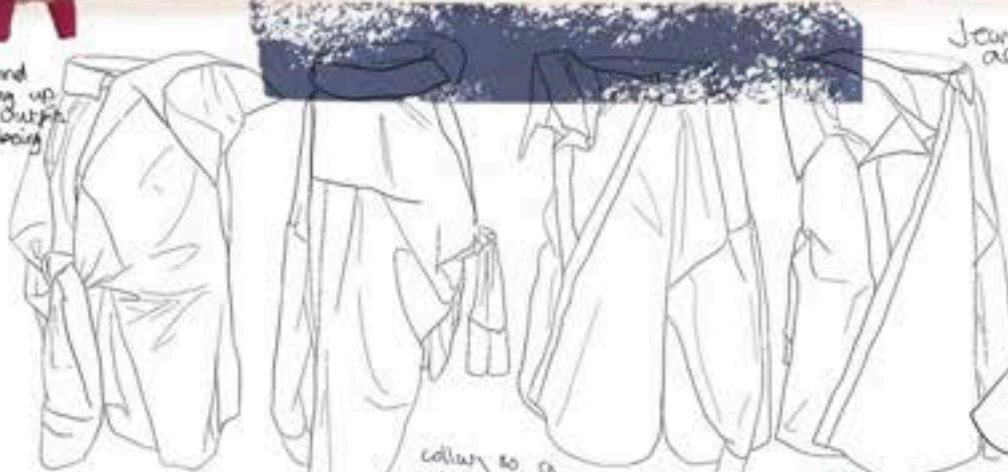

Styled with a lace top with bra straps in back
 idea of our different layers make something interesting

collapsing to create shirts as a dress

Inspired by me and my sister growing up, meaning the same outfit compared to how being compared

Jeans details

button stand for fastening wrap skirt

adding delicate lace to incorporate folk art

Pocket with cuff as added detail

collapsing garters for an interesting look

fresh sound pocket draped on the back

Denim detailing to add to bag - rivets, stitching

collapsing shirts as a bag

Inspired by me & my sister being dressed like twins to now be complete opposites

shopping bag

better stand

Mounted by stitching
