# Chic romantique

Chic Romantique is a S/S collection amalgamating the historic concept of French Romanticism and chic couture focussed through a Ralph Lauren lens. The sympathy between iconic Ralph Lauren staples and classic French components from the 1890s creates distinctive designs and effortless chic clothing. This capsule collection represents an escape from restrictive corsetry and the social conventions of pre-revolutionary France. Its fabrication of relaxed clothing integrating chic components, symbolises the post revolution social freedoms.
